Thank you very much, Venerable Tzu Chuang. Is there anything you would like to add?

I am very grateful to our young monastic brothers because some of the places I found have not been ideal, not the best.

But, to this day, they have done an exceptional job, vigorously propagating the Dharma. They have welcomed and guided many more devotees and have received significant recognition from the local community. It is good to integrate our Dharma centres into tourism and be highly valued. So, I am profoundly joyful and thankful.
